The General Secretaries,  
All Affiliated Unions,

Dear Comrades,

**Sub: AIRF Action Day – 1<sup>st</sup> November, 2021 – During the UN Climate Change Conference, Glasgow (UK)**

Enclosed please find herewith a copy of the letter received from **Bro. Sangam Tripathy** Asstt. Regional Secretary, ITF Asia Pacific Region, Delhi, regarding **AIRF Action Day** during forthcoming **COP 26 Event** in **Glasgow(UK)**. Governments from all over the world, including ministers from the government of India, are going to participate.

The ITF is going to be present in a big way and is organising events related to Transport Workers issues and challenges.

**AIRF**, being one of the oldest affiliates of the ITF, it is our duty to organise meetings, rallies on **1<sup>st</sup> November, 2021** all over the Indian Railways during **UN Climate Change Conference** and highlight the issues of the Indian Railways Workers. Samples of the posters are also enclosed with this communication, which you can use on placards or make flex banners.

You are requested to take as many pictures/videos of your action activities and send them to AIRF on

Hello Friends in AIRF Unions,

In a few weeks, worldwide governments, including government of India will meet in Glasgow, UK for the UN climate change negotiations COP26. These negotiations come at a critical time. In many of our cities and countries, we are experiencing climate change at the same time as dealing with the devastating impacts of the pandemic on workers in our sector. This is a pivotal moment for governments to inject immediate and sustained public funding into maintaining and improving public transport jobs and services as part of the recovery from Covid-19 whilst accelerating climate action.

**- November 1-5 Global Week of Action from Public Transport Workers**

This will be a global ITF event, to bring attention to the need to fund public transport and promote good working conditions for urban transport workers as a way to fight against climate change. The slogan will be "Our Jobs, Our Planet, Our Public Transport". You will get a model of placards for banners.

What could your unions do? We suggest the following after consulting AIRF General Secretary:

1- Designate **1st November** (Monday) as AIRF Action Day to deliver the common demands. This could be done by organizing a rally or demonstration or meeting at your respective workplaces and demonstrate in front of their employers/administration office.

**We will need videos and photos from these actions by November 6 so that we can put it all together. The ITF will highlight your pictures and videos during the Glasgow event.**

**- During the UN Climate Change Conference (COP26)**

**- Tuesday, November 9 - ITF is hosting an event at the People's Summit** (the informal, social movement style side meeting) for transport workers. It would be good if you want to observe the event. **- Wednesday, November 10 - The Future is Public Transport event.** This event will be co-organized with C40, so it will be more 'collaborative'. We will share with you the statement from ITF-C40 share for your information. Here is the link to register for that event
